

Music Appreciation 8 Quiz Resubmit Policy

Question: What can I do if I do not perform very well on a quiz?

The point of this class is to educate you about certain aspects of the history of music, and train you in the methods used to analyze and identify music from all periods in history.

With that in mind, I am not here to hand out less-than-optimal grades. I expect **all** of you to learn the material that we cover.

When your graded quiz is returned to you, you may resubmit it the following week (and only the following week) under the following conditions:

- Provide a correct answer to each incorrect problem, along with an explanation for WHY it is the correct answer.
- The answer should be as complete and thorough as possible without any excessive “filler” material.
- Please write in complete, readable, sentences.
- Write your corrections on a separate sheet of paper, and staple it to your original quiz.

As long as I can assess that you have done the research necessary to answer the questions correctly, I will give you **full credit for each correct answer**.

This policy is in place for all forms of examinations in this class except for the semester final exams.
